DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to anticipate a total bit width of the instruction bus that is shorter than the number of instructions with variable length times the maximum bit length of instructions executed in parallel wherein a plurality of instructions that are decoded are executed in parallel at the same cycle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
